Patron Host Sponsorship

OPPORTUNITIES FOR INDIVIDUALS & FAMILIES

Helping to improve overall health outcomes for all community members

BECOME A PATRON HOST SPONSOR

Drive Change, Together

A Patron Host Sponsorship is an annual leadership-level commitment of $2,500 that provides recognition and benefits across three Foundation signature events. More than event attendance, this sponsorship represents an investment in the Foundation's mission while offering meaningful engagement and visibility throughout the year.

As a not-for-profit healthcare system, philanthropy is essential to our mission. The Foundation partners with the hospital to address social drivers of health and improve well-being beyond the hospital walls.

Patron Host Sponsors play a vital role in making our events, and their impact, possible. **While individual ticket purchases help cover the cost of attendance, Patron Host Sponsors provide the philanthropic foundation that allows each event to truly advance the mission of UNC Health Nash Foundation.**

A Patron Host Sponsorship is more than a seat at the event, it is a leadership-level investment that helps ensure the success, sustainability, and growth of programs that directly benefit patients, caregivers, and our community.

Host Sponsors are recognized as champions of our mission—individuals and families who believe in leading by example and making a difference at a deeper level. **Your sponsorship signals a commitment to community health, partnership with UNC Health Nash, and a shared vision for the future of care in our region.**

In short, ticket purchases support attendance—Patron Host Sponsorships fuel impact.
