**2026**

**PATRON HOST SPONSOR**

Partner with the UNC Health Nash Foundation to break down barriers to health that medication or healthcare alone cannot solve.

The next several years will be an exciting time for both the Foundation and UNC Health Nash with plans for a new patient tower. While we are not raising capital funds for the tower, we are using this as a time to build on the Foundation's success and to ensure sustainability for the future as the Hospital expands its footprint.

As the Foundation grows our reach, we need the help of our local community to make a measurable impact on the health of all our neighbors. Funding is the limiting factor in advancing community health.

Help to improve overall health outcomes by supporting transitional care services not covered by insurance by funding programs and initiatives that extend beyond the walls of the hospital.
